AHMAD NI'AM SADAD

Semarang, Indonesia | (+62) 882-2754-7015 | niamsadada12@gmail.com | LinkedIn

PROFESSIONAL PROFILE

Sociology graduate from UIN Walisongo Semarang with a career focus on social research. Strong interest in understanding communities, human behavior, and social change through research to produce meaningful insights that support decision-making and community development. Skilled in data collection, community needs analysis, critical thinking, problem solving, and research methods. Good communication skills, adaptable, and eager to contribute and grow within a team, with experience using Microsoft Office and Google Workspace.

EDUCATION

Universitas Islam Negeri Walisongo Semarang Semarang, Central Java

Bachelor of Sociology | GPA: 3.62 / 4.00 (*Cum Laude*) **2021 – 2025**

Studied sociology and social research methods to understand human behavior and community dynamics. Learned how individuals and groups build patterns of interaction and communication in different social contexts. Developed skills in conducting research, collecting and analyzing data, and understanding social phenomena in a systematic way.

WORK EXPERIENCE

SMERU Research Institute **Oct 2026 – Nov 2026**

Research Assistant OSF Climate - Internship

- Support data collection for a study on green jobs in the textile and textile products (TPT) industry, from mapping occupations to organizing the evidence behind the report.
- Apply the KBJI 2014 analytical framework to the newly published KBJI 2026 and organize occupational task descriptions in spreadsheets.
- Manage the team's shared Zotero library by collecting, organizing, and tagging references for report writing.

Digital Amoeba by Telkom Indonesia **Aug 2026 – Sep 2026**

UX Researcher - Project-Based Internship Rakamin Academy

- Planned and designed UX research, including setting research goals, preparing the question list, choosing methods, and defining target participant criteria
- Conducted user research using qualitative and quantitative methods to identify user needs, behavior patterns, and pain points.
- Developed data-driven design and feature recommendations to optimize the Ideabox platform and improve the overall user experience.

Dinas Tenaga Kerja Kota Semarang **Jan 2024 – Feb 2024**

Administrative Staff - Internship

- Served and consulted more than 50 prospective participants per week about job training programs, giving accurate, responsive, and professional information.
- Handled public needs and complaints with effective communication and good public service standards.
- Managed initial training registration data neatly and accurately using Google Docs and Google Sheets.
